

NOVA WINGS IVF
TRAINING ACADEMY

Fellowship Programme

Master IVF techniques to lead fertility treatments to success.

Fellowship Programme

NOVA Wings IVF Training Academy offers premier IVF training to aspiring specialists through rigorous, university-affiliated fellowship programmes. These programmes are meticulously designed to enhance the vocational skills and clinical expertise of gynaecologists, specifically in the field of infertility treatments.

Our fellowship programmes are in collaboration with Parul University, an institution recognized for its excellence with a NAAC A+ accreditation. Through this partnership, we ensure that our trainees receive the highest standard of education and hands-on experience, preparing them to excel in the rapidly advancing field of reproductive medicine.

By choosing NOVA WINGS IVF Training Academy, you are investing in a future of excellence in infertility treatment and patient care.
